

Nurse/HCA/Phlebotomist - IAS return to the new normal Q&A session

Microsoft Teams Meeting : Monday 6th July 2020 at 1pm

Dear Colleagues

We would like to invite you to a Q&A session which will focus on the service getting back to the new normal with respect to nurse/HCA and Phlebotomy appointments. This will be led by Dr Simon Hincks, Clinical Lead and Pippa Halley Gehrels, Advanced Nurse Practitioner.

We are making a number of changes to the way your appointments will operate in addition to bringing in guidance on Infection Control and PPE.

This will be an opportunity to learn about these changes, pointers for guidance around PPE and Infection Control and ask questions.

Please let us know if you are unable to make this session and we will arrange a further time. We will also record the session and publish this on our website.

Please do try and make the time to join us. We want to make sure that you are able to work safely in the service and that you have all the resources you need to do so.

If you have any questions that you would particularly like to be addressed then please do let us know in advance.

We look forward to seeing you on Monday.

Dr Simon Hincks

Clinical Lead IAS
