NHS daily drop-in vaccine confidence Q&A sessions

Dear All,

NHS England and NHS Improvement will be running daily drop-in Vaccine confidence Q&A sessions hosted by clinical professionals from Wednesday 26 January 2022 to 3 February 2022.

These sessions are for all staff to attend and will offer an opportunity to ask any specific questions you might have regarding COVID-19 vaccines. Each of these drop-in sessions will be tailored towards a specific audience and hosted by a relevant clinical professional who will answer any questions and signpost you to any additional information.

These sessions will provide a safe and supportive environment for you to ask any questions you may have about the COVID-19 vaccines. Please note that these sessions will focus on staff vaccine hesitancy, not Vaccination as a Condition of Deployment.
